

IMPORTANT INFORMATION

TECHNICAL BULLETIN

Possible damage caused by the fitting of Non Open Therm-Compatible Controllers to the WarmCair C range of Warm Air Heaters.

INFORMATION

From 01/02/2021

The following models **MUST ONLY** be fitted with [Open Therm-Compatible Controllers](#)

MODEL	
WarmCair	C10D
WarmCair	C16U
WarmCair	C16D
WarmCair	C26D
WarmCair	C26U*
WarmCair	C36D*
WarmCair	C36U*
WarmCair	C46D*
WarmCair	C46U*

*Discontinued Models

In line with specific advice given during installer training courses in September, October and November 2019, the fitting of any **Non** Open Therm-Compatible Controller to any of the WarmCair C range of Warm Air Heaters will invalidate the guarantee immediately.

The fitting of this type of controller can cause severe damage to the heat exchanger and under no circumstances should be used

This also applies to the 'retro' fitting of **Non** Open Therm-Compatible Controllers to any of the WarmCair C Range.
